

The Kamiah Community Wellness Center is a **place for youth** to get together with their peers, hang out, play anything from board and card games, to video games and more, watch a movie, or read their favorite books and magazines in a comfortable and safe atmosphere. This **home away from home** has vibrant colors that adorn the walls of the interior creating a new and exciting center for this community, while the exterior fits in with its surroundings through local material use. The center explores many activities for both **indoor and outdoor fun**. It also takes advantage of day lighting methods and the views to the natural landscape south east of the center. Open floor plans allows for clear views in the different spaces, suggesting smooth and easy transitioning from one to another and easy communication between individuals. Together with active community members and an **engaged teen population**, the Teen Wellness and Recreation Center of Kamiah will be a high volume center serving the needs of Kamiah and the surrounding area for years to come.

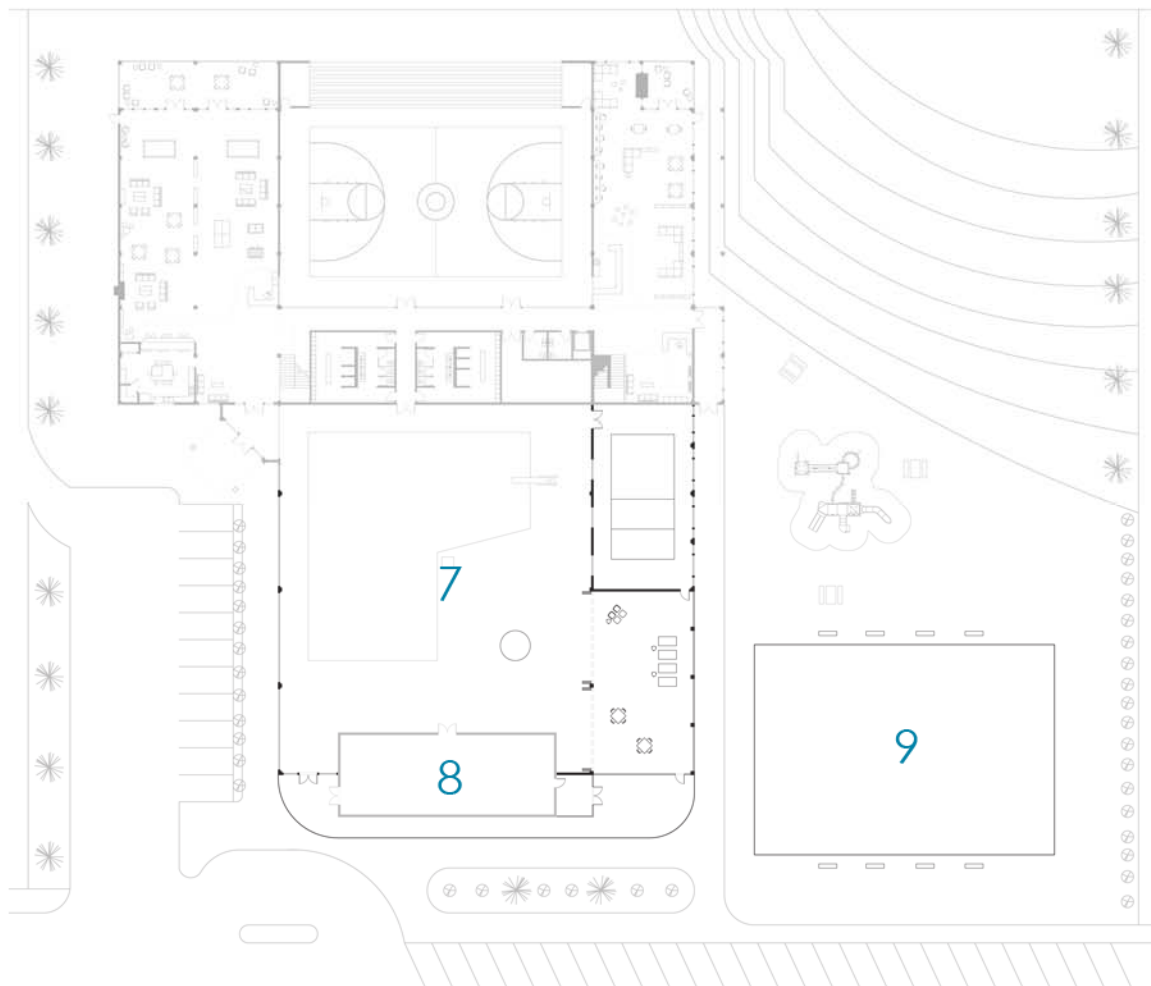

PHASE 1

Overall Structure

- 1 Multi-purpose gym
- 2 Offices
- 3 Teaching Kitchen
- 4 Computer Cafe
